

# About Us

## Electric City Solar Company

*Running on Sunshine*

Electric City Solar Co. is a locally owned and run residential solar company serving the residents of Northeast PA and the Pocono regions of Pennsylvania.

Electric City Solar Co. specializes in the rooftop and ground mount residential solar systems that give customers the opportunity to do their part in protecting the environment while reducing personal utility costs. Our professional installers and state-of-the-art equipment mixed with our competitive prices ensure that going solar is both environmentally and economically beneficial for years to come.

## PREMIUM SOLAR CARE

**PREVENTATIVE  
MAINTENANCE  
PACKAGE**

## Maximizing Solar Efficiency with Solar Cleaning & Maintenance

## Premium Solar Care Packages

## Premium Solar Care

### Our Services:

- Efficiency Boost- Dust, dirt, and debris can accumulate on your panels, reducing their efficiency by blocking sunlight. Regular cleaning ensures maximum energy production per tier one manufacturers.
- Protection from Damage- Bird droppings and organic matter can corrode the panel surface potentially shortening their lifespan. Cleaning helps preserve their structural integrity.
- Lifespan Extension- Removing contaminants through regular cleaning helps extend the overall lifespan of your solar panels.

- Single Year Service
- 5 Year Service Package

### Packages Include:

- ✓ **Solar Panel Cleaning**- We use quality pure deionized water for solar panel cleaning as well as perform a cleanout of the undercarriage of each array, removing any leaves or debris. Environmentally friendly!
- ✓ **Solar System Inspection**- Complete a visual inspection of solar equipment and address any immediate concerns or issues. Example: Removing any nests, leaves, debris, etc.
- ✓ **Before & After Photos**- Receive before and after photos of your panel cleaning
- ✓ **Reports**: Receive a preventative maintenance recap & Enphase Production Report (when available) at the completion of your services
